

NEW DESIGN Evesham Archery Club t-shirts!

Shirt Material: Coolmax 165 gm polyester, moisture management waffle texture fabric.
Comfortable to wear in hot weather allowing moisture to wick off of skin and pass through the fabric.

To order:

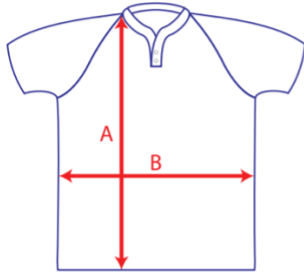

These are Lionhart sizes, NOT standard size.

1. Choose a shirt that is a good size for shooting in
2. Spread it on a flat surface
3. Measure the armpit-to-armpit distance (without stretching the shirt)
4. Choose the correct size in the table – row B
5. Choose your shirt shape based on waist measurement:
 - Tight – ladies fit (waist measurement in row C)
 - Half-tight – athletic men (waist measurement row D)
 - Straight – larger body type or children

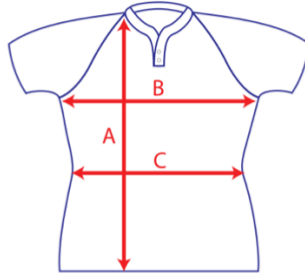

If you're confused about measuring, Saskia can often be found down the field and will be more than willing to help. You may want to bring your favourite shooting shirt rather than wearing it, you can change into it after. Any questions or to order a shirt, please visit eveshamarcheryclub.com.
